

## Coach Application Information

### Calgary 2024 Canada Cup

Volleyball Yukon's Team Yukon program is looking for eight (8) coaches to support our male and female teams in the Calgary 2024 Canada Cup.

The Canada Cup is an annual, national tournament where Provincial and Territorial teams compete against one another for the Cup. The Canada Cup is a critical transition point between Volleyball Canada's *Learn to Compete* stage and the *Podium Pathway*. For many athletes, the Canada Cup is an opportunity to show the national sports community their talent and potential. The Cup consists of a Canada Summer Games tier and a Development Tier.

This program marks the inauguration of Volleyball Yukon's Team Yukon program (standalone from Sport Yukon's program). Our Team Yukon program aims to offer annual high-performance training for Volleyball Yukon athletes to help them stay on track with the indoor athlete development pathway. Volleyball Yukon believes that helping athletes achieve the same skill progression as provincial athletes will improve the outcome at the endpoint of our athlete development pathway: the Canada Summer Games. Because of this, Volleyball Yukon sees this year's Canada Cup program as critical to the success of our St. John's 2025 Canada Summer Games team.
